

FOR IMMEDIATE RELEASE

Jordan Cove LNG and Pacific Connector Gas Pipeline Receive Revised Notice of Schedule for Environmental Review

CALGARY, February 6, 2015 – Veresen Inc. ("Veresen" or the "Company") (TSX: VSN) announced today that Jordan Cove LNG and Pacific Connector Gas Pipeline have received a revised notice of schedule for environmental review of the project from the Federal Energy Regulatory Commission ("FERC") in the United States. The revised schedule indicates that the final Environmental Impact Statement ("EIS") will now be issued on June 12, 2015. The first notice of schedule identified February 27, 2015 as the final EIS issuance date.

"Given the delay from the FERC in issuing our Draft EIS, we had anticipated that the first schedule was under pressure," said Don Althoff, President and CEO of Veresen. "While we are disappointed in the revised schedule, we are not surprised or concerned, and look forward to receiving our final EIS from the FERC in June."

Given the change in the schedule for issuing the final EIS, Veresen is currently reviewing the project schedule.

Jordan Cove LNG is a wholly-owned subsidiary of Veresen, and Pacific Connector Gas Pipeline is owned equally by a subsidiary of Veresen and a subsidiary of The Williams Companies, Inc.

About Veresen Inc.

Veresen is a publicly-traded dividend paying corporation based in Calgary, Alberta that owns and operates energy infrastructure assets across North America. Veresen is engaged in three principal businesses: a pipeline transportation business comprised of interests in the Alliance Pipeline, the Ruby Pipeline and the Alberta Ethane Gathering System; a midstream business which includes an ownership interest in Aux Sable, a world-class natural gas liquids (NGL) extraction facility near Chicago and other natural gas and NGL processing energy infrastructure, and a proposed partnership interest in Veresen Midstream Limited Partnership which will own midstream assets in western Canada; and a power business comprised of a portfolio of assets in Canada. Veresen is also developing Jordan Cove LNG, a six million tonne per annum natural gas liquefaction facility proposed to be constructed in Coos Bay, Oregon, and the Pacific Connector Gas Pipeline. In the normal course of business, Veresen regularly evaluates and pursues acquisition and development opportunities.

Veresen's Common Shares, Cumulative Redeemable Preferred Shares, Series A and Cumulative Redeemable Preferred Shares, Series C trade on the Toronto Stock Exchange under the symbols "VSN", "VSN.PR.A" and "VSN.PR.C", respectively.
